Subject: Invitation to Nominate Employees for the Cyber Hygiene and Security Workshop

19942
03/10/23

Respected,

I hope this message finds you well. We are excited to announce an upcoming workshop that presents a valuable opportunity for your organisation to enhance its cybersecurity awareness and capabilities:

Workshop on
"Cyber Hygiene and Security"
at India International Centre Annexe, New Delhi
on October 27, 2023

This initiative aligns directly with a recent directive from the **Central Vigilance Commission**, urging organisations to prioritise capacity-building training programs for their employees. The Commission has designated a crucial window for such initiatives, spanning from August 16 to November 15, 2023. Our workshop on "Cyber Hygiene and Security" has been meticulously designed to align seamlessly with this advisory, offering an effective means to enhance cybersecurity knowledge and skills throughout your organisation.

Why Nominate Your Employees?

In an era where digitization is transforming the way we operate, it is essential for organisations to stay ahead in cybersecurity. By nominating your employees, you can:

- 1. **Enhance Cybersecurity Knowledge:** Equip your team with the latest cybersecurity trends, techniques, and best practices.
- 2. **Combat Corruption:** Learn how technology can be a powerful tool in preventing corruption, aligning with the Commission's goals.
- 3. **Build Resilience:** Gain strategies for safeguarding sensitive information and building resilience against cyber threats.

Workshop Objectives:

- A. **Basics of Cyber Hygiene and Cybersecurity**
 - 1. Understand the digital transformation and its profound impact on society.
 - 2. Recognize the significance of technology in enhancing transparency.
 - 3. Gain insights into the Government of India's "Digital India" initiatives and their influence on governance.
 - 4. Identify opportunities and challenges associated with leveraging technology to combat corruption.
- B. **ICT Interventions for Reducing Corruption**
 - 1. Explore practical examples demonstrating the positive impact of ICT on public service delivery.
 - 2. Examine case studies illustrating successful ICT interventions in reducing corruption.
 - 3. Understand the role of key measures such as Direct Benefit Transfers, E-Bill, and Treasury Single Account in enhancing transparency.
 - 4. Recognize the importance of E-Vigilance in the context of technology-driven governance.
- C. **Contemporary Cyber Issues and Social Engineering**
 - 1. Gain a comprehensive understanding of the evolving landscape of cyber threats.
 - 2. Identify key challenges faced by individuals and organisations in the realm of cybersecurity.
 - 3. Learn about Social Engineering Attack Vectors and the tactics employed by cybercriminals to gain unauthorised access.
 - 4. Explore real-world examples and case studies to enhance awareness of cyber threats.
- D. **Safeguarding Personal Data Privacy and Investigation Techniques**

- 536/L
1. Develop strategies for safeguarding personal information in an interconnected digital world.
 2. Gain an overview of crime investigation techniques employed by law enforcement agencies to combat cybercrimes.
 3. Understand the role of Open Source Intelligence in enhancing cybersecurity.
 4. Learn strategies for building resilience against cyber threats and attacks.

Who Should Attend:

The workshop is tailored for officials from Ministries and Departments of central and state governments, Central Public Sector Enterprises (CPSEs), Public Sector Banks and Insurance Companies, Financial Institutions, Autonomous Organizations, and Societies.

Eminent Guest Speakers:

We are honoured to have a very senior civil servant joining us as the esteemed Chief Guest Speaker. Furthermore, we have the privilege of welcoming distinguished speaker Shri Amit Dubey, a renowned author and National Security Expert. His profound expertise adds a wealth of knowledge to the workshop. (Detailed Profile Attached)

Workshop Methodology:

Our workshop follows an interactive and participatory approach, combining insightful presentations, engaging discussions, real-world case studies, and interactive exercises.

(Detailed proposal attached with this email)

We believe that by participating in this workshop, your organisation will be better equipped to protect sensitive data and uphold ethical standards. Together, we can contribute to the Central Vigilance Commission's mission to combat corruption and enhance cybersecurity.

Should you have any inquiries or require further information, please do not hesitate to contact us.

Thank you for considering this nomination request. We look forward to welcoming your nominated participants to this transformative event.

Warm regards,

Hari Krishan

New Delhi, 28 Sep. 2023

Workshop on
"Cyber Hygiene and Security"
at India International Centre Annexe, New Delhi
on October 27, 2023

Life Transformation Academy, founded by a distinguished group of senior civil servants, is a highly regarded training and development organisation with a mission to empower individuals and organisations through transformative learning experiences. Our transformative workshops and programs have empowered individuals and organisations across government sectors, ministries, autonomous bodies, public sector undertakings, MNCs, and the private sector. Renowned for our practical approach and expertise, we equip participants with the skills and knowledge necessary for personal and professional growth.

In a recently issued circular, the **Central Vigilance Commission** has urged organisations to prioritise capacity-building training programs for their employees. The Commission has designated a crucial window for such initiatives, spanning from August 16 to November 15, 2023. Our workshop on **"Cyber Hygiene and Security"** has been meticulously designed to align seamlessly with this advisory, offering an effective means to enhance cybersecurity knowledge and skills throughout your organisation.

Why Nominate Your Employees?

In an era where digitization is transforming the way we operate, it is essential for organisations to stay ahead in cybersecurity. By nominating your employees, you can:

1. **Enhance Cybersecurity Knowledge:** Equip your team with the latest cybersecurity trends, techniques, and best practices.
2. **Combat Corruption:** Learn how technology can be a powerful tool in preventing corruption, aligning with the Commission's goals.
3. **Build Resilience:** Gain strategies for safeguarding sensitive information and building resilience against cyber threats.

Founder's Profile

Hari Krishan

Life Transformation Coach | Founder, Life Transformation Academy |
ex-Civil Servant (1995 Batch)

Mr. Hari Krishan, an accomplished ex-Civil Servant and the visionary founder of the Life Transformation Academy, stands as a beacon of ethical leadership, holistic empowerment, and continuous learning. With an extensive career spanning over 28+ years within the Government of India, Hari Krishan's journey is a testament to his commitment to personal growth, societal well-being, and transformative initiatives:

- ◇ **28+ Years of Exemplary Service:** Hari Krishan's distinguished career within the Government of India encompasses governance, policy formulation, strategic human resource development, innovative recruitment strategies, seamless ERP implementation, employee welfare initiatives, and spearheading comprehensive learning and development (Training) programs.
- ◇ **Empowerment through Expertise:** Hari Krishan possesses a rich skill set. As a Civil Services Coach, Certified International Life Coach, Habits Coach, Naturopath, Reiki Grand Master, Handwriting Analysis Expert, and Motivational Speaker, he empowers individuals through transformative techniques and mindsets.
- ◇ **Global Learning and Exposure:** His active participation in workshops, courses, and conferences within India and abroad has enriched his perspective and deepened his insights into vital disciplines, further amplifying his ability to drive positive change.
- ◇ **Collaboration with International Bodies:** He played an instrumental role in designing and conducting over 5000 man-days of training during his tenure as General Manager/ HR in a Schedule 'A' CPSE.
- ◇ **Empowerment through Corporate Social Responsibility:** He initiated a program under CSR that empowered over 3000 individuals from below the poverty line, providing training and subsequent employment opportunities.
- ◇ **Empowerment through Training and Workshops:** Hari Krishan's unwavering commitment to holistic growth is exemplified by a diverse range of impactful workshops spanning ethical governance, leadership, communication, change management, organisation behaviour, work-life balance, gender sensitivity, stress management, conflict resolution, performance excellence, mindfulness, decision-making, emotional intelligence, time management, cyber hygiene and security, and effective team collaboration. These programs showcase Hari Krishan's dedication to empowering individuals and organisations for profound growth across challenges and opportunities, catalysing personal and professional success.
- ◇ **Founder, Life Transformation Academy:** With a vision to empower individuals towards holistic growth, Hari Krishan founded the Life Transformation Academy. Through a range of courses and workshops, the academy equips individuals and organisations with the tools to navigate challenges, foster ethical leadership, and drive personal and professional development.
- ◇ **Founder, IASPIRE Academy:** Hari Krishan's commitment to nurturing future leaders is evident through the establishment of IASPIRE Academy, dedicated to coaching aspirants for UPSC/ State Civil Services examinations. His mentoring ethos centres on values, positive mindsets, and holistic development.
